**ERRATUM**

**Adopted: July 25, 2007**

**Released: July 26, 2007**

By the Associate Chief, Public Safety and Homeland Security Bureau:

On May 30, 2007, the Commission released a *Second Memorandum Opinion and Order*, FCC 07-102, in the above-captioned proceeding.<sup>1</sup> This Erratum corrects the following error in that document. Paragraph 89 of the Regulatory Flexibility Certification contained language that was inconsistent with the text of the order concerning the deadline for the submission of the proposed Puerto Rico band plan that the 800 MHz Transition Administrator must file with the Commission. Accordingly, we correct the inconsistency by revising the fifth sentence of paragraph 89 to read as follows:

---

<sup>1</sup> See 22 FCC Rcd 10467 (2007)

Accordingly we provide the 800 MHz Transition Administrator (TA) with specific criteria and direct the TA to propose an alternative band plan within 60 days of the effective date of this order, including, if necessary, a pro rata distribution of ESMR spectrum.
